

INDUSTRIAL SEWING

3100SD Drop Feed \$799

20.5 in.

3100SD DROP FEED

- The most common type of industrial sewing machine in the world is the single needle, drop feed lockstitch. It can sew from light to medium weight fabric, and has hundreds of optional feet and attachments available for it.
- **QUALITY YOU CAN COUNT ON**
- There are many single needle machines to choose from. The 3100SD offers the whole package. Low noise and vibration design, outstanding build quality and reliability and the industries #1 DC servomotor.
- **COMPLETE WITH MOTOR, STAND AND LIGHT**
- 5,500-RPM high-speed operation
- Automatic lubrication with pump
- Instruction / parts manual included
- Tool kit, drawer, thread stand included
- Individually tested and sewn-off before shipping

**STITCH DIAL
REGULATOR**

**REVERSE LEVER
MECHANISM**

AUTOMATIC LUBRICATION

The 3100SD features an internal pump system that ensures consistent lubrication to the sewing mechanism.

REVERSE LEVER MECHANISM

Creating the perfect back tack is easy with the 3100SD's reverse lever mechanism.

UBERLIGHT 3000TL SMD-LED

The perfect add on light (\$79.00 retail value) is included at no extra charge for the 3100SD making it both a great sewing machine and a great value.

INDUSTRIAL SEWING

3200SN Needle Feed \$1299

20 in.

3200SN NEEDLE FEED

- ▶ When sewing multiple plies of fabric together, or for top stitching; if the fabric is slippery, or if puckering is an issue, the 3200SN is the right machine for the job. It is suitable for sewing from light to medium weight fabric.
- ▶ QUALITY YOU CAN COUNT ON
- ▶ There are many single needle machines to choose from. The 3200SN offers the whole package. Low noise and vibration design, outstanding build quality and reliability and the industries #1 DC servomotor.
- ▶ COMPLETE WITH MOTOR 120V, STAND AND LIGHT
- ▶ 5,000-RPM high-speed operation
- ▶ Automatic lubrication with pump
- ▶ Instruction / parts manual included
- ▶ Tool kit, drawer, thread stand included
- ▶ Individually tested and sewn-off before shipping

INDUSTRIAL SEWING

2000u-33 Barracuda \$599

2000U-33 BARACUDA

.....

- ▶ STRAIGHT STITCH, ZIG ZAG
- ▶ The Barracuda zig-zag and straight stitch portable walking-foot machine is remarkably versatile. Designed for boat owners, hobbyists, and small businesses, the Barracuda is ideal for medium- to heavy-weight sewing jobs.
- ▶ SMALL SIZE, BIG PERFORMANCE
- ▶ With a stitch quality comparable to an industrial machine, even 8 layers of Sunbrella Plus is no match for the Barracuda. With top and bottom feeding, it produces a perfect, even stitch, even when sewing over challenging materials.
- ▶ 10-POINT QUALITY CHECK
- ▶ Before leaving our factory, each Barracuda is put through a thorough 10-point quality control procedure with a master technician to ensure that it exceeds our exceptional quality assurance guidelines.
- ▶ 110V/120V
- ▶ Stitch width (0-5mm) adjustment lever
- ▶ 800 stitches per minute
- ▶ Up to 4 stitches per inch
- ▶ Sews Sunguard UVR Bonded Polyester thread and up to #92 nylon
- ▶ Sews up to #138 nylon thread (upon request only)
- ▶ Up to .47" (12 mm) foot clearance
- ▶ Toothed belts and pulleys to prevent slippage
- ▶ Type 135 x 17 needles
- ▶ All-metal construction

**UP TO 8 LAYERS OF
SUNBRELLA-PLUS**

**BUILT-IN SPEED
REDUCER**

SUNBRELLA-PLUS.

BUILT-IN SPEED REDUCER

The built-in speed reducer gives the machine extra torque to get through the toughest jobs.

REVERSE LEVER MECHANISM

Reinforce the seams simply by pushing down the reverse lever.

7000FE End Cutting System \$1099
.....

7000FE END CUTTING SYSTEM

.....

96 in.

- ▶ Everything you need to start end cutting is included. A heavy-duty cutting head with a 4 inch blade manual sharpener, 96 feet of track with lifter set and uprights with a piece goods bar for your fabric. Simply roll out your material, turn the cutter head on, and push the cutting head along the track.
- ▶ CUTTING TABLE REQUIREMENTS
- ▶ The 7000FE is to be used with a maximum 72" wide cutting table. For narrower cutting tables you can cut the track to the desired length allowing for a minimum of 12" of overhang per side.
- ▶ SAVES TIME AND MONEY
- ▶ If you are using two people to cut, one on each side of a cutting table, chances are the 7000FE is the right machine for you. Everything you need to convert to a one-person operation is included.
- ▶ 110V
- ▶ 4" cutting blade
- ▶ Built-in manual sharpener
- ▶ Single ply cuts
- ▶ High speed electric motor
- ▶ Carbide tipped counter blade
- ▶ Individually tested before shipping
