
Safety Mask

Mask approximately finished size 9"x5"

Created by Judy Fredenburgh

SUPPLIES NEEDED

WASH ALL FABRICS BEFORE MAKING MASK

9"x10" 100% cotton fabric, or 100% cotton *T-Shirt with Dream Weave Ultra fused to back

6"x10" 100% cotton fabric, or 100% cotton T-Shirt

15"x15" No Show Mesh

1/8" x 7 1/2" elastic (or 7 1/2" corded elastic)

Wet N Gone Tacky Tape

1/2" Stitch Perfection Tape

*note: it is easier to fuse the Dream Weave Ultra to the T-Shirt first, then cut down to size

Place ½” Stitch Perfection Tape on wrong side along one 10” side of fabric with the Dream Weave Ultra fused to the back

Hoop No Show Mesh

Stitch color #1 Directly onto stabilizer

Match 10" edge of fabric with Stitch Perfection Tape to stitched line on stabilizer. Right side up

Stitch Color #2

Pull fabric towards you

Stitch color #3

Pull fabric away from you to top of hoop

Stitch Color #4

Pull fabric towards you to bottom of hoop

Stitch color #5

Pull fabric away from you to top of hoop

Stitch color #6

Pull fabric towards you to bottom of hoop

Stitch color #7

Pull fabric towards top of hoop

Stitch color #8

Thread machine with different color you can see

- Stitch color #9 This is placement line for 1/8" x 7 1/2" elastic
 - On left side of hoop, at the top, place elastic centered over placement line on the edge of fabric. Hold in place with Wet N Gone Tacky tape, close to placement line, on the outside edge. Do not cover the placement line
 - *Place other end of elastic centered over the bottom placement line, being careful not to twist the elastic. Hold in place with Wet N Gone Tacky Tape. Repeat with other side*

Place 6"x10" fabric right side down over mask

Stitch Color #10

Remove from hoop

Trim 1/4" all the way around from stitched line. Trim 4 corners diagonally

Turn right side out
Use Percision Turning Tool to push out corners

Press Well

Tuck in open edges

Top Stitch 1/8" all the way around
